vice, when the sum of \$2,000 was subscribed in addition to the \$10,000 already pledged, for the building of the new church. The church now has between \$12,000 and \$13,000 subscribed for this purpose. Messrs. T. J. Barlow, W. C. Corbett, R. F. Brooks and James T. Borum and S. P. Oast were appointed a committee to canvass further for subscriptions, and it is the intention of the congregation to begin building operations when the amount of the subscriptions reaches \$15,000. ## IMPROVEMENTS ON MONUMENTAL CHURCH.

The stewards and trustees of Monumental M. E. Church last night decided on a material change in the interior of the church, the estimated cost of which will be \$1,000. The change proposed is that the choir and organ be moved from a gallery over the entrance from Dinwiddie street to a niche back of the pulpit. To allow sufficient room the pulpit will be moved forward several feet, and the niche will be deepened. Work will begin in about ten days.

It is also proposed to thoroughly replace the organ and to equip it with motor power. The improvements will add greatly to the attractiveness of this popular church and enhance the effect of the music rendered there.

## PAINTFULLY INJURED.

Conductor James Howell, of the Scottsville car on the Portsmouth Street Railway, was caught between two cars while changing the trolley at the foot of High street, and painfully injured. The accident was due to the failure of one of the cars to respond to the brake, causing it to collide with Howell's car, and jamming the conductor between it and the car behind. His right leg and left arm were severely bruised, but no more serious injuries were sustained. Conductor Howell went to his home at No. 629 Clifford street.

### A FAVORABLE IMPRESSION.

The Cotton Seed Crushers' Association, a leading body of New York and Chicago, in its issue of June 23d, contains an excellent report of the Inter-State Cotton Seed Crushers' Association, at Old Point Comfort.

In regard to the tug ride tendered them by the Southern Railway and the impressions of the members of the Association relative to the Norfolk section the Provisioner says:

"The steam excursion on Saturday morning on the Southern Railway tug Louisville, also the compliment of a great Southern trunk line, was enjoyed to the extreme. Every comfort and delight was provided on board and instructive diversions offered ashore. Landings were made at Pinner's Point, Norfolk. The great shipping shed, significantly decorated and colored with cottonseed meal, and the huge dry dock, were visited and inspected. They were eye-openers and have justly made the ports famous. 'There's our factory,' observed Manager J. J. McNally, of the Norfolk Oil and Fibre Company, pointing to its length out. It is the only cotton oil factory which has electric power equipment. The guests have just been completed. The guests had much for which to thank the Norfolk and Western and the Southern Railway for these enchanting excursions, the details and comforts of which were so carefully planned and carried out by the following officers: A. Washington, D. C.; J. H. Drake, Asst. G. A., Norfolk, Va.; J. D. Lamb, G. A., Norfolk, Va.; W. H. Taylor, Div. F. A., Norfolk, Va.; J. D. McCarrick, S. F. A., Norfolk, Va.; Geo. G. Thompson, D. F. A., Raleigh, N. C.; Norfolk and Western Railway, Va.; M. T. Williams, S. F. A., Norfolk, Va.; D. H. Thomas, S. F. A., Norfolk, N. C.; S. B. Younger, G. A., Lynchburg, Va.; F. D. Meanley, commercial agent, Richmond, Va.; C. H. Kingsbury, commercial agent, Pittsburg, Pa.; W. E. Hams, commercial agent, Knoxville, Tenn.; T. L. Callahan, commercial agent, Memphis, Tenn.; A. C. Cales, G. A., Atlanta, Ga.; W. E. Wood, passenger agent, Norfolk, Va.; J. J. Toms, passenger agent, Knoxville, Tenn.

"On behalf of the delegates and itself the National Provisioner wishes to thank the Norfolk and Western, the Southern Railway and all concerned for the delightful and enjoyable trip to Old Point Comfort."

"Difficulties give way to diligence," and disease germs and blood humors disappear when Hood's Sarsaparilla is faithfully taken.

## BOARD OF HEALTH.

The Board of Health last night disposed of the services of Assistant Sanitary Inspector E. L. Branch. The reason given for this action is that the sanitary condition of the city is now in such shape as to render the services of an assistant inspector unnecessary.

The board directed that the Street Inspector be asked to have the city ordinance in regard to the cleaning of grass and weeds from the sidewalk carried out. The Street Inspector was directed to have South street swept.

The only contagious disease in the city is eight cases of measles.

## MORE SUBSCRIPTIONS FOR NEW CHURCH.

A congregational meeting was held in the Court Street Baptist Church Sunday at the close of the morning service.

## ATLANTIC CITY.

### LOCAL BOARD MEET AND CLOSE UP ITS BUSINESS.

Promptly at 8 o'clock last night Chairman W. E. Godwin called the Local Board of Improvements to order to wind up the business of the past two years.

The minutes of the May meeting were read and approved.

In the matter of introducing water in the North Ghent Company's property, Mr. Riddle submitted as his report a letter from the Superintendent of the City Water Board stating that nothing was to be done in the main can be run through the Ghent section to Twentieth street, and 8-inch pipes beyond that point to Armistead bridge road.

Mr. Collins, president of the company, stated that unless they could get water run through the North Ghent section, it would be very much handicapped.

The board could not see how it could well do it at present, as there was no funds in hand to complete the work.

Mr. Krise said that the company would lay the water mains, provided the ward would take it off its hands at some future date.

After further discussion the board agreed to grant the North Ghent Company the right to lay the water mains on the streets of their property and the expense thereof to be paid by said company, and that as soon as the finances of the ward would justify the assumption of said duty, bonds shall be issued for the payment of the actual cost by the ward, but that the interest must be borne by the company and not by Atlantic City Ward.

A petition from property owners on the street known as the street lyer west of Stockley Garden, between Olney road on the south and Bolessean avenue on the north, for water mains to be laid on said portion of street, was referred to Mr. Riddle to ascertain the cost, and report at a future meeting.

A petition of Mr. Perdue for stone curbing on Mowbray Arch, from Hamorton avenue to Olney road, was continued to the next meeting.

In regard to the award of medals, it was the unanimous sense of the board that hereafter only two medals be awarded, one to highest boy graduate and one to the highest girl graduate.

A letter was received from City Attorney Taylor of a judgment of \$250 against the city of Norfolk in favor of John F. Russell for running a bicycle Olney road without a light on June 6th, he was riding in a cart standing on 1839, and stating further that said cart was the property of Mr. Geo. W. Pace, and asking that the board take the necessary action against him. Referred to the secretary to carry out the instructions.

On motion of Mr. Anderson a vote of thanks was extended the chairman, secretary, Engineer Riddle and the janitor for faithful services performed.

After approving sundry bills the board adjourned sine die.

Major Waller is a Norfolk man, and has been in the marine service several years. When Commander Graham, who commanded the monitors at this port, was court-martialed some years ago, Major Waller was associated with Col. Jo Lane Stern as counsel for the accused."

Major Waller saw some very active service in Cuba during the Spanish war. There is now at the rooms of the Commonwealth Club, in this city, a Spanish shell sent some of the gentlemen of the club by Major Waller, as a relic of the war. He is a fine man and officer, who won promotion in the last war."

**The Vaudeville at Ocean View.**  
The vaudeville at the Ocean View theatre last night was rich, racy and good. The greatest feature of the night was the character sketch by Howard and Emmerson. Their part of the program was excellent. Rice and Elmer created a very favorable impression in their impersonation of the Chinaman and Rube in the comedy bar act. Al Raymond, the German dialect singing comedian, made a hit also. The posing and contortionist acts of Mile. Latina, and the work of Eddy Leonard, the "Warm Baby from the South," was fair.

The news has not been verified, and it is not improbable that it has been magnified.
